Attachment Support

- ✓ S-Drive eliminates the 5MB file upload limit with Salesforce.com attachments.
- ✓ S-Drive supports attachments to standard objects such as Accounts, Opportunities, Cases, Campaigns, Solutions, etc.
- ✓ S-Drive also supports attachments to custom objects. These objects can be created within your Salesforce.com account or can be packaged objects such as objects delivered with AppExchange applications.
- ✓ Ability to directly email attachments to your contacts. Attachments are attached as hyperlinks to emails eliminating file size limitations (3MB) on Salesforce.com.
- ✓ Email attachments can also be selected to expire after a configurable amount of time.
- ✓ All email activity including the email body and attachments are added as activity records to the related records and recipients' contact records.
